

Position Available: Irrigation Technician / Irrigation Designer

Company: Hydrovia Irrigation (Pty) Ltd

Location: Tzaneen, Limpopo

Application Deadline: 30 April 2026

Hydrovia Irrigation (Pty) Ltd was established in 2023 and has since grown into a significant competitor as an agricultural supply and irrigation specialist business based in Tzaneen, Limpopo. Our clients, throughout Southern and Central Africa, are our greatest asset, and we strive to serve them to the best of our ability at all times. We are looking for a dedicated, hardworking, and passionate candidate who would like to grow with us while serving the agricultural sector in irrigation solutions. For the right candidate, Hydrovia Irrigation is willing to invest in further training and education to help develop the employee's skills and expertise within the irrigation industry.

Key Responsibilities:

- Measuring and surveying sites and mapping them accordingly
- Pegging out sites according to the designer's specifications
- Requesting quotations from suppliers and following up
- Checking and verifying stock deliveries on farms
- Installing irrigation systems
- Assisting management with various operational tasks as required
- Irrigation system design

Minimum Qualifications and Requirements:

- Minimum age: 22 years
- Fluent in Afrikaans and English
- Good interpersonal and communication skills
- Product knowledge and technical understanding of irrigation systems
